Become an Adaptable Futures Group Member or Partner!

The goal is to build a community of researchers and practitioners interested in transforming our built environment through the engagement with and practice of Adaptability and Sustainability as strategic, complementary concepts. The list below is not exhaustive, but it should give you a good sense of how you can interact with the Group.

WANT TO COLLABORATE ON RESEARCH?

1. Independent Researcher:

offer your time and expertise on a project of your interest, such as Adaptable Architecture, Sustainability and Design for Change. 3 levels of expertise:

undergraduate
post-graduate
post-doctorate

2. Visiting Researcher at Lboro:

apply for a visiting fellow at Loughborough University (based on your own track record and area of interest).

3. Partner University or Practice:

collaborate with research groups and/or practitioners.

4. Exemplar cases/ Best Practice:

we are always searching for more examples and are open to consider additional buildings to study.

1. Co-fund researchers:

provide sponsorship to researchers of the Group in order to address an area of interest for your practice.

2. Co-fund a PhD project:

offer sponsorship and expertise towards a PhD project to any researcher of the Group, to address an area of interest for your practice.

3. Consultant placement offer:

offer our researchers a placement in your practice, being an AF consultant of your projects.

4. Guest lecturer:

offer a presentation on a particular theme which you think can inspire the Group, grounded in your practical experience.

5. Mentor:

provide mentorship in a related research of your interest.

1. Social media collaborator:

provide your expertise to create materials and graphics for social media of the Group.

2. Network collaborator:

offer your time to increase the Group's dissemination on an international scale.

3. Blog writer:

offer your time to periodically develop texts to our website.

WANT TO HELP ON DISSEMINATION?

WANT TO SPONSOR OR GUIDE OUR RESEARCHERS?
